FIELD MEDIA → EVIDENCE

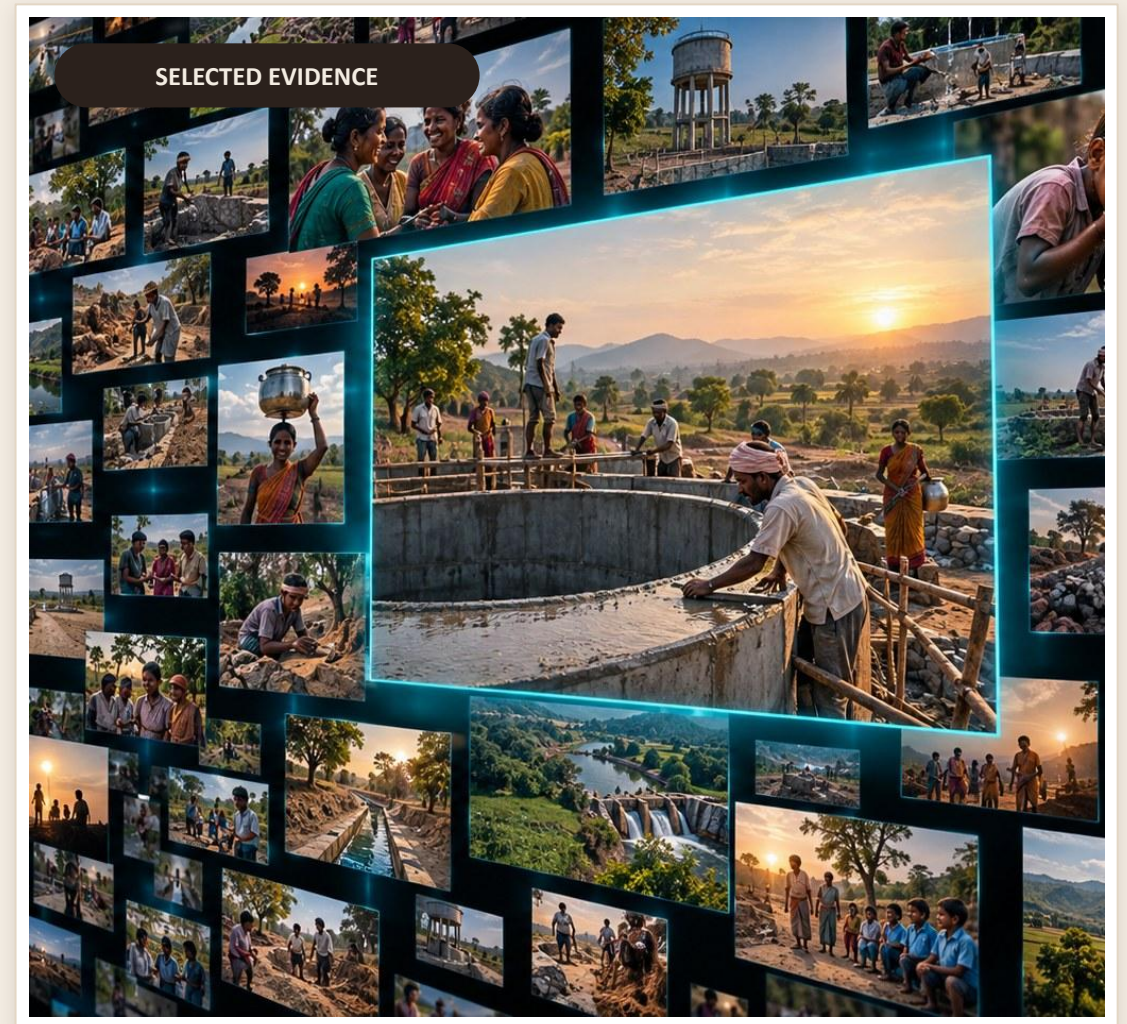

Thousands of photos.
Millions of moments.

*One moment
that matters.*

Finding it is still almost impossible.

Field teams capture the work.
Manual sorting hides the evidence.

The evidence exists. Finding it doesn't.

PROJECT SUMMARY

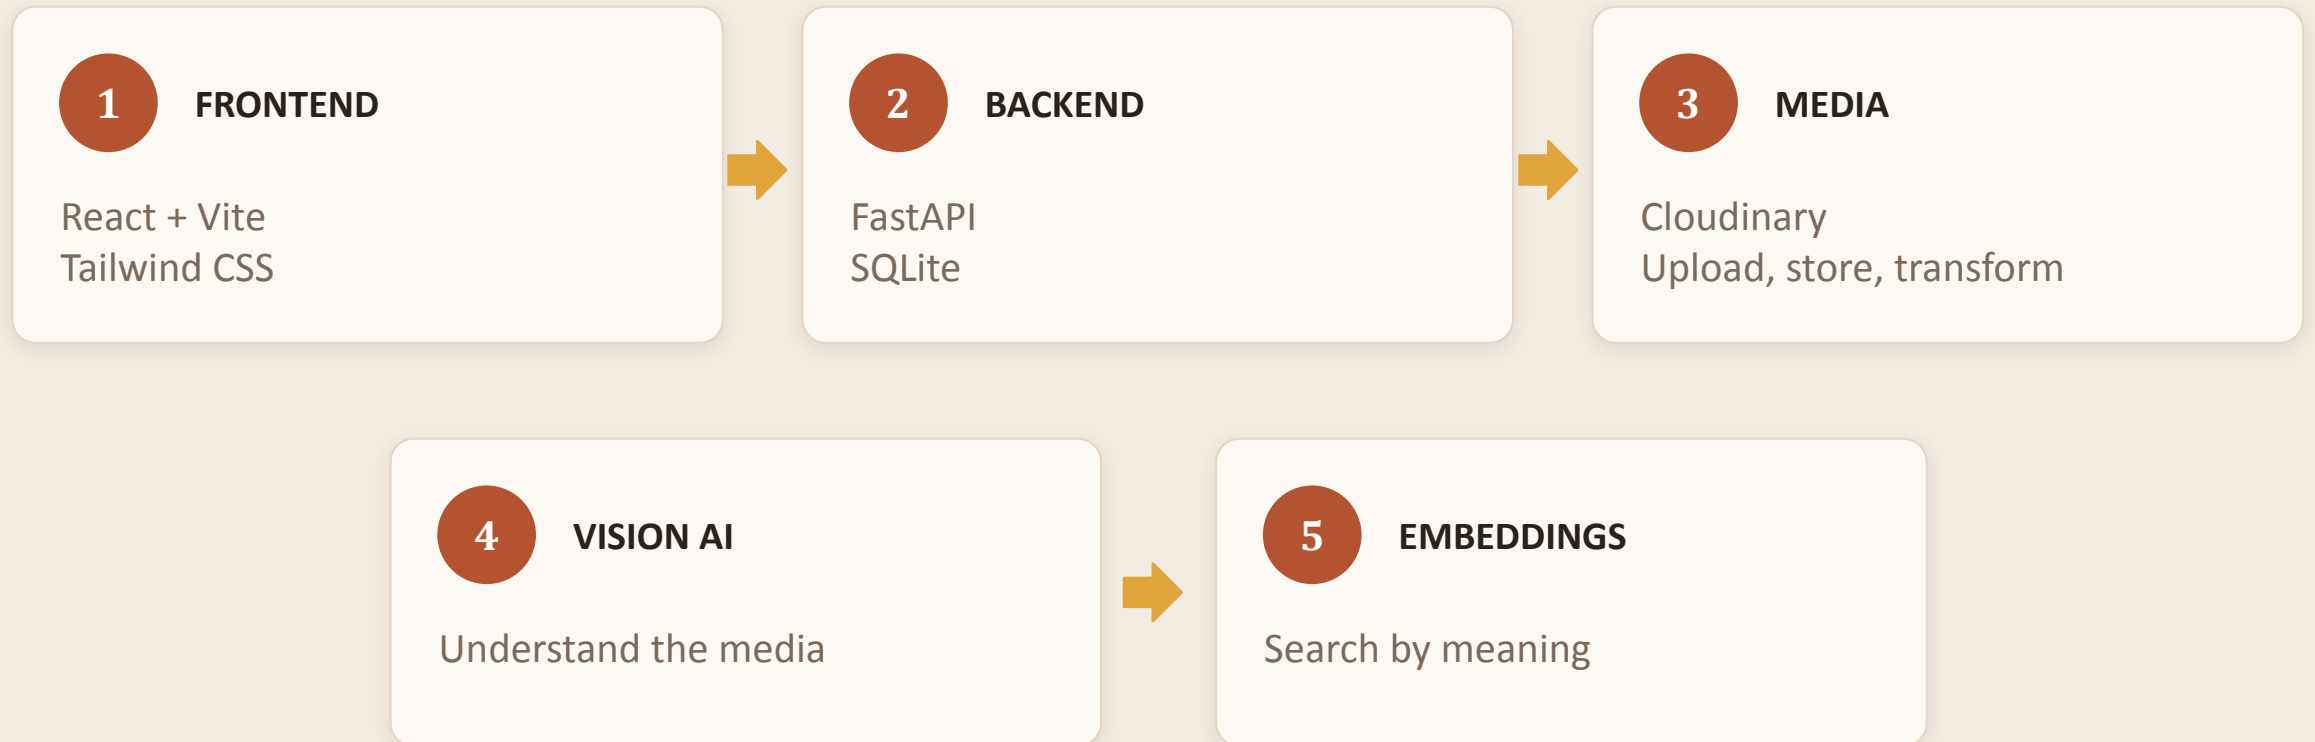

Field work, made visible

ONE SHARED EVIDENCE LAYER

USER	WHAT THEY NEED
NGOs	Document project progress
Government	Verify field activities
Sustainability teams	Track environmental work
Donors	See funded-project evidence
Campaign teams	Turn real work into stories

The stack behind DDrishti

We connect the entire evidence journey

**The original media stays
connected to the final story.**

What changes?

BEFORE

- Thousands of files
- Manual tagging
- Manual searching
- Manual comparison
- Hours of reporting

WITH DIVYADRISHTI

- Centralized media
- Automatic understanding
- Natural-language search
- Before/after comparison
- Automated reports
- Traceable evidence

The work already happened.

We make it visible.

Turn field media into proof.
